AGENDA ITEM 2

WORK SESSION ITEM

TO: Mayor and City Council

FROM: Director of Public Works

SUBJECT: Pavement SlurrySeal 2002-03, Pavement Rehabilitation 2002-03: Award of Contract

RECOMMENDATION:

It is recommended that the City Council adopt the attached resolutions that:

1. Award the Measure B Pavement Slurry Seal 2002-03 contract to American Asphalt Repair & Resurfacing Company, Inc., in the amount of \$69,790.84; and
2. Increase the Administrative Change Order amount from 100,000 to \$340,000 and award the Measure B Pavement Rehabilitation 2002-03 contract to C.F. Archibald Paving, Inc., in the amount of \$1,282,665.24.

BACKGROUND:

On January 14, 2003, the City Council approved the plans and specifications and called for bids to be received on February 25, 2003.

These projects are a continuation of the City's ongoing program to slurry seal residential streets every six to seven years to extend the life of the street pavement and to rehabilitate other more heavily traveled streets. Street selection is based on priorities established through the City's Pavement Management Program (PMP). All residential streets in the shaded area shown in Exhibit A are proposed for slurry seal, dig out, or pavement overlay this year. Also included with this work is the rehabilitation of the Police Department parking lot, including spot repair, overlay and slurry seal.

The selection of streets for rehabilitation is based on staff's analysis of the pavement condition indices identified through the City's computerized PMP, along with specific field examination, and the functional classification of each street. Pavement rehabilitation in this project consists of making deep-lift asphalt concrete spot repairs and placing asphalt concrete overlay on the various streets.

For cost effectiveness, this year's work was bid as two separate contracts - one for slurry seal and one for the remaining pavement repair and overlay work.

Pavement Slurry Seal

On February 25, 2003, six bids were received for the slurry seal project. American Asphalt Repair & Resurfacing Company, Inc., of Hayward, submitted the low bid in the amount of \$69,790.84, which is 22.5 percent below the Engineer's Estimate of \$90,000. Bond Black Top, Inc., of Union City, submitted the second low bid in the amount of \$74,335.19, which is 17.4 percent below the Engineer's Estimate and \$4,544.35 more than the low bid. The bids ranged from \$69,790.84 to \$88,313.90.

Since the Engineer's estimate was below \$100,000, the project was not subject to the City's Disadvantaged Business Enterprises (DBE) and Women-Owned Business Enterprises (WBE) Program. Staff recommends award of contract to the low bidder, American Asphalt Repair & Resurfacing.

Pavement Rehabilitation

On February 25, 2003, seventeen bids were also received for the pavement repair and overlay work. C.F. Archibald Paving Inc., of Redwood City submitted the low bid in the amount of \$1,042,665.24, which is 19.2 percent below the Engineer's Estimate of \$1,290,000. MCK Services of Concord submitted the second low bid in the amount of \$1,060,822.95, which is 17.8 percent below the Engineer's Estimate and \$18,157.71 more than the low bid. The bids ranged from \$1,042,665.24 to \$1,389,476. Since this low bid offers an opportunity to repair additional streets, it is recommended that Administrative Change Order (ACO) amount be increased on this contract from \$100,000 to \$340,000. This will allow the addition of a full overlay for Industrial Parkway from Hesperian Boulevard to Hopkins Street and pavement repair and overlay for Hathaway Avenue from West "A" Street to North City limits. The original contract included only dig out repair for Industrial Parkway, and the work on Hathaway Avenue had originally been included in a project that will bid later this summer. With this recommended ACO change, the low bid amount would be increased to \$1,282,665.

The combined Disadvantaged Business Enterprises (DBE) and Women Owned Business Enterprises (WBE) goal for this project was established at 8 percent. The low bidder, C.F. Archibald Paving, Inc., has listed DBE and WBE participation of 11 percent in its proposal, which exceeds the established goal. Therefore, staff recommends award of contract to the low bidder, C.F. Archibald Paving.

The estimated project costs are as follows:

| | |
|---|--------------------|
| Pavement Slurry Seal - Contract Construction | \$ 69,790 |
| Pavement Repair/ Rehabilitation - Contract Construction | 1,282,665 |
| Detector Loops Replacement | 55,000 |
